SERVICE IS THE WATCHWORD OF THIS GREAT STORE

GETTING RIGHT DOWN to brass tacks—this store is as much yours as it is ours. It is a public institution—maintained for your benefit—and it is our purpose that it shall serve you well.

YOU are in our thoughts first, last and always—every purchase our buyers make, whether it be much or little, is with the anticipation of your requirements—every innovation in the arrangement of stocks or whatever is done for the betterment of our store service is with the intention of making your shopping more satisfactory.

Perhaps it has never occurred to you what a convenience this store really is—it has grown up so gradually, constantly keeping pace with your requirements that without thinking farther you've come to depend upon it as the one Norfolk Store where you can do all your shopping, where you are confident of getting the best possible value for the price you pay.

That is why we say it is YOUR STORE—because the loyalty on your part has been such that it should grow, and grow, and grow until today it is Norfolk's Biggest Store.

The whole purpose of this little talk is to remind you of what you already know—that you will be benefited by this store in just so far as you will let it serve you and that in shopping here you do have more to choose from and, quality for quality, the price is more than likely to be less than you'd pay elsewhere.

And now we ask you to put this store to the test—whether your needs be small or great—prove to your own satisfaction this store does give the sort of SERVICE THAT IS REALLY SATISFACTORY.

NEUROLOGY

The Evils of the Eye Strain Conquered

Nervous energy or vitality operates the human machine just as steam or electricity operates the mechanical machine; any excessive demand upon this vital energy or disturbance of its regular flow is certain to show as a functional derangement of some of the organs. We point to the fact that the human eye consumes ten per cent of all the power generated in the brain, that is the eyes are entitled to that much by Nature's assignment but when they are defective they will involuntarily get the upper hand of the rest of the nervous system and use up more nerve energy than they are entitled to, sometimes as much as seventy-five per cent of all that is generated in their effort to overcome their defects and maintain vision. This constitutes eye-strain. With these facts in view it is easy to see that if the eyes consume an amount of the body's supply of nerve force in excess to their natural share some other organ must suffer because the eyes have thus become a leak on the system and have so exhausted the supply of vitality that no organ can perform its functions perfectly, purely from lack of the necessary power to operate it. Then some doctors will find symptoms of deranged functions and treat the symptoms. We proceed to find the cause and remove it and the symptoms will disappear of themselves. There is nothing mysterious about this. No theory is worthy of confidence until it has been practically demonstrated. More than fifteen thousand successful cases, hundreds of which had tried other methods as practiced by the most eminent specialists, is about the best demonstration of the superior merits of Neurology that could be given

Consultation of a general nature is always free.

Nobody approaches what we do for the money.

We are always busy, so to avoid waiting, call phone "Norfolk 2599," and make an appointment.

THE LEDGER-DISPATCH

INCREASES ITS LEAD

In Advertising and Circulation Year by Year

The following interesting figures showing the volume of advertising carried in 1915 by the Norfolk papers prove conclusively the higher value placed on THE LEDGER-DISPATCH by the shrewd advertisers who use its columns month after month and year after year, many of them to the exclusion of all other papers.

The Ledger-Dispatch in 6 days a week printed over 100% more advertising in 1915 than the second paper in Norfolk, in 6 days, not including Sunday, to be exact 269,687 inches, and 87,535 inches more than the second paper in its combined Daily and Sunday issues.

¶THE NORFOLK SALE AND EXCHANGE BUREAU has been organized to meet this DEFICIENCY IN ECONOMY and will bring you a purchaser or an exchange customer if you will do your part and list your useless things with us either for sale, for cash, or for exchange, for a very nominal fee.
